

Daniel Teixeira Faria

Software Developer

EXPERIENCE

Full-stack Developer

Snapboard Inc.

Nov 2019 - Aug 2020 - 10 months, Remote

Directly collaborated with Founder to engineer the product, also worked on integrations with third-party APIs, front-end components and E2E tests.

EDUCATION

React Tech Stack

Rocketseat Bootcamp 8.0

2009 - 2010, Bagnolet

Developed my knowledge and developed many applications on the React/Node/React-Native tech stack to become a full-stack developer.

Mastering React

codewithmosh.com

April 2019

Completed the entire course in a month, this was my introduction to react. During, and after this course I also learned through many other sources (youtube/books/blogs) .
